

Results of the 2016 WCHRI-CUP patient and community engagement training (PaCET) competition

The Women and Children's Health Research Institute (WCHRI) together with the Community-University Partnership (CUP) is pleased to announce the results of the 2016 Patient and Community Engagement Training Grant Competition.

All applications were reviewed by the PaCET Grant Advisory Committee (please see below for committee membership). The committee rated applications based on the scientific merit of the application as evidenced in the candidate's track record, the training environment, and the project proposal. Applications were also evaluated on the potential for development of patient/community engagement and the level of stakeholder engagement.

On behalf of WCHRI, Dr. Sandra Davidge, Director, would like to thank the Stollery Children's Hospital Foundation and the Royal Alexandra Hospital Foundation for their ongoing financial commitment to this grant program.

We would like to congratulate this year's awardees. The Offers of Award for the 2016 WCHRI-CUP Patient and Community Engagement Training Grant are as follows:

Listing of awardees

Awardee	Supervisor/ Co-Supervisor	Project Title	Faculty-Department	WCHRI Funder
Kingsley, Bethan	Gokiert, Rebecca J	The life we deserve: developing a model of supportive housing for teen mothers and their children	Extension	SCHF
Shulhan, Jocelyn R	Hartling, Lisa	Effect of hydrolyzed formulas on the incidence of necrotizing enterocolitis in preterm infants	Medicine & Dentistry-Pediatrics	SCHF
Siyam, Tasneem	Yuksel, Nese/ Ross, Sue	Developing a patient decision aid tool for managing short and long-term clinical consequences of early surgical menopause	Pharmacy and Pharmaceutical Sciences	RAHF
